“ Dotty will always be remembered as a loving, kind, and generous person who was devoted to her family and friends. She was friendly, open, and honest to everyone she met. Dotty would go above and beyond to support someone, helping in anyway possible. I'll never forget the laughs that we had together and her quick witted sense of humor that would often make me burst into laughter. Dotty would add pink and glitter to everything including her classroom decor and her make up. She was passionate about teaching. Dotty was always generous and giving of herself to everyone. Dotty will be sorely missed and I will never forget the memories that we shared.

“ I had the pleasure of working with Dotty for 8 years. She was my mentor and friend and made me feel so welcome during my first year of teaching. She was kindhearted and loving. She always wanted what was best for me, and I will always appreciate her advice and “tell it how it is” attitude. I'll never forget Dotty getting on the dance floor at my wedding with me to Dance to Paradise By The Dashboard Light. I will cherish the memories we have shared. You will not be forgotten.

“ Our Dearest Dotty was the most precious little girl . At 3 years old she was so sweet and lovable I had never met anyone quite like her before. I can still see her walking towards me with her arms stretched out for a big hug. Dotty grew up and became a strong, courageous, confident, beautiful woman but that little girl was always there. I will always love you and miss you . Andrea

“ I was Dotty's colleague for the past 8 years. I will remember her as dedicated and loving to all of her students and a friendly (and often times) hilarious colleague. I saw her at Avon a few weeks ago and she told me how happy she was to be working with the younger students. It was clear teaching and caring for others is what brought her joy. I am glad to have known you. Rest In Peace Dotty.

“ My dear best friend, from when we were children, where our fun and shenanigans were how we spent so many humorous moments in time, all the way through life's journey with our peaks and valleys, we shared our hopes, our downfalls, our accomplishments and our shortcomings....we wore our pink, sparkles and glitter with joy and laughter....just about everyday we talked and shared our thoughts....from high school band, chorus, before school and after school goofin around, your cats, horses, ice cream at Fox's, cruisin English road, our boy crushes....then we grew up and found comfort with our heart to heart talks about love, loss, work and the immense pride for your only daughter and me for my only son....and most recently, your newest gem, Dakota. I missed you in the first 5 minutes you were gone. We need to go to the Dollar Store. I need to call you. I need to hear the same voice I've heard from when I was a child that made my life less chaotic, less lonely and so much more amusing. Your laughter forever in my head. Your memory forever in my heart. Best friends forever sweet girl....until I see you again, much love.....make sure the angels have sparkly makeup and show them that some wings can be pink and beautiful just like you
