“ I have extremely fond memories of my uncle Gene. One of the best, was when he said he loved me. Back then, you just didn't say that to boys. I found that my uncle Gene was way past being tough and more personal and loving. He was a true kidder and a master at teasing. I will always cherish the thoughts and times when we would joke around or play golf together. Along with his own large family, he has inspired and mentored my own sons and shared many memories with them as well. Thank you uncle Gene for all the good times and God bless you and your wonderful family.

“ So sorry to hear of Gene's passing. He and Tina traveled to FL with my grandparents every March for many years. Weekends they have dinner and play cards. Gene would always ask me to shuffle the deck. After my Mommom passed in 2015 I lost touch with them but thought of them often. Please know you family is in my thoughts and prayers. If the family reads this, please give Tina my love. Kimberly Data Bradshaw. Tom and Jackie Data's granddaughter.
