“ Mike, I don't think I ever said "THANK YOU", thank you for helping me out when I really needed it. For literally feeding me, you made sure I had at least one good meal a day for a couple of weeks until I got back on my feet. I will never forget your act of kindness and generosity. May you rest in peace my dear old friend.

To Michaels family: I'm so sorry for your loss, please accept my heartfelt condolences.
