“ I am so shocked and sad by Bryan's passing away. I just got this information now. I knew him over years on projects here in Europe (Luxembourg). He was a really nice and sympathetic person. Unfortunately I never met him in person only over the phone. I'm praying for comfort and peace for the whole Mumink family.

His kind and nice personality was unmatched for. He has supported each unit at the plant during normal and hard times. He will be missed dearly by all who worked with him. “ Sending all my love and prayers to Amy, BJ, Ariel, Stone, and the rest of the Mumink family and extended family for the devastating loss of someone so wonderful and good hearted as Bryan was. He always lent a helping hand when someone needed it and did it without hesitation or expecting anything in return. His kindness never went without notice. I can still hear him laughing anytime me and Amy were together and started talking and catching u, Bryan would be around and you would hear him chuckle at us or with us. I always wondered what he was thinking like, Omg, these two (Amy and me) are back together again. I miss that. I will miss his laugh, his kindness, and the way he loved his family. I'm sure that God has a plan for you Bryan in Heaven, but we still needed you here. We will all watch over them all for you.

“ *My favorite memory of Brian was the day the Canadian goose chase Tim to school. I watched him run and swat at the bird trying to get away from it. Eventually the Pennsville police department was called and they were able to chase the goose from the property. He was always one of my favorite students and I am sure he will be missed. Love and prayers to all his family.*
