“ *I worked with Clara at the sewing factory. I remember when she had  
her hip replaced. I don't think she was home from the hospital and  
rehab for more than a week when she came in to the factory and  
wanted to know if she could come back to work. We had to tell her  
no, it was up to her dr when she could come back to work. My  
sincere condolences to her family.*
