Always looking for a way to teach or a way to spend time with those he loved. Stan made a huge impact on countless people's lives and this world will never be the same. For those that didn't know him and were wearing any sports paraphernalia at all- he was the one that came up to you and encouraged your team with a little cheer. For those that knew him, he was the biggest supporter of anything you were doing. Stan was the tickler of grandchildren, a MacGyver of household items, and a master of strategy.

Stan was the son of Holly Stanford Leathers and Naoma Ruth (Wood) of Knoxville Pa. Stan is survived by his wife Patti, 3 Children, Sandy (Jason), Zack (Sarah) and Meg (Ryan), and 7 Grandchildren Kevin, Hannah, Ben, Lorelai, Michelle, Andy, and Logan and Patti's children, James and Aubry (Colin) and their daughter Clara along with the countless others who loved him.

“ Stan was my math teacher at Downingtown Jr High School back in the early 1970's. He was one of those teachers you remember for all the right reasons. Stan made class enjoyable to attend while imparting challenging math material upon his students. He was always positive and willing to lend a helping hand, be it math or wherever the need arose. Later in life, our paths crossed again as teaching colleagues in the Unionville School District. I will always remember Stan fondly for the positive impact he had on me in my youth and later as a colleague. Countless students are indebted to Stan for the guidance and leadership he demonstrated as a teacher, coach and friend. His presence will surely be missed, but the positive memories he created for thousands of people will endure for many lifetimes. DMN 😊

“ Stan sure made an impact on many, many peoples lives. He is the sole reason I coach and teach. In 9th grade I made a decision to coach and teach because of Stan's influence on my life. It is a huge shock to say the least.

I am thinking of his family and hope they feel the appreciation Stan made in our lives.
