“ Dear family of Dustin. I want to send you lots of love and strength for these days and those to come. My son Connor spent alot of time with Dustin growing up. My clearest memory of Dustin was at the talent show at UPS when he sang...."I'm already there". That's probably not the name of it but the words and the tune were perfect and I was awestruck! Keeping all of you in my prayers. Anita Murphy

Thank you so much Anita. That was one of his favorite songs he sang as a child. Connor was a great friend of Dustins. He will be missed by many ❤️

“ Kimmey, I am so thankful you brought Dustin over to my home a couple weeks ago. He gave me the biggest hug and I thought to myself, "what a warm, kind heart he has!" RIP Dustin...you will be remembered the loving young man you were and will always be.
