“ I worked with Ida for several years at AstraZeneca and its predecessor companies. She was always fun with a wicked grin that was delightful. What a sharp wit. She enlivened the entire IS&L group, as well as being a dedicated worker. She made me smile. I will miss her and miss seeing her Facebook comments. I bought some red tulips that she sold on behalf of a grandchild. They are ready to bloom almost a month early this year. I'll always think of Ida when I see their blossoms.

“ My cousin Sissy was someone I knew who would talk straight, be sassy, be smart, and at the same time, be kind. Unfortunately, travels and distance and other commitments kept us in our little corners of the world but we connected for a long chat at least once a year and I caught up with her news and her family. What a blessing to talk with her, and what a joy to have someone like her in my family teaching me there were many ways to be in the world. I remember going to her wedding to Paul and that was the first time I met Bonnie. Sissy was herself; she was always a beauty and she always radiated a smile. When Bobbie Siegal died she broke down on the phone with me. Sissy is named after her dad's mom who I have heard was an angel. May you rest in peace, dear cous.

“ I met your Mom when You & our son Kenny was in school. We had so much fun doing things together. She became a good friend that I have always kept in touch though the years. The last time I saw her, she came to Incollingo with your Dad. It was so good to see her. She will be miss by many, but the memories we all have of her we will cherish forever. Bonnie so sorry for you all. May your wonderful memories you have of your Mom help you though this. Our deepest sympathy to you, and your family. Ken & Lonny Gomeringer & Family.
