“ There are so many things that can be said about Jen. She was such a good friend and coworker, she was always willing to jump in and help me when either me or someone else needed a hand. When she worked day shift she would never leave without making sure I was ok. I was lucky to have had her in my life, and she will be missed. To her family, I am deeply sorry for your loss and I will be sending prayers for strength and comfort during this difficult time.
