“ John we were just kids when we met. We went to school together, knew a lot of the same people, reconnected again on Facebook and I looked forward to your tasteful interesting and fun posts. You always had a positive attitude and your sincerity and caring persona always came through. You were genuine, never a showboat, never once trying to prove yourself or outshine anyone. The shock of losing you was great, and I hope and pray that heaven is everything we heard it is. Til we meet again dear friend, I'll cherish your friendship and never forget you.

“ To Laura, John and Tara, Rachael and Victoria, I had the pleasure of working with John first at Prudential for a lot of years, and then again at the Y. Always a gentleman, he had a big heart and if you needed anything, he was there. I pray the wonderful memories you have will see you through this difficult time. God Bless you all.

“ John was a good friend in high school and beyond, before Marion was sick. I had not seen him in years but reconnected on Facebook, where we would share memories and stories of grandkids and other things. He always had something positive to say and looked so happy in photos with his family. He never let on that he was sick. My condolences to Laura and to his family. I remember him as a fun-loving person and I'm sure he is smiling down on his loved ones and friends from up above. He will be missed by many.
