“Dad, you are, and we're the most important, and most influential person in my life..... I love you more than I can describe...." I loved you"... That last quote was from Casey strawn"... She remembers you and she talks about you all the time..... That piece of chocolate that she gave to you in your room... I let her have it 😭... I can't think of anybody in this world that I would rather have for a father than you..... You have taught me so much... And no matter how much pain you were in you never showed it,... I hope one day to be as strong as you and to be as good as a father as you were... We will see each other soon enough.. Goodnight Dad I love you.....

“To John's family, we are so sorry for your loss. We will miss him deeply and will always hold a special place in our hearts. Strawny as we called him was a great and special neighbor and friend. You could laugh and joke with him all day long. The LORD has called him home and he will suffer no more.

“The last few times I saw Uncle John I just kept thinking how funny he was. He seemed to always make light of everything and turn it into a joke. Even when he looked like he was physically uncomfortable he was smiling, laughing, and putting others at ease. That's what I'll remember the most about him. Cog and Justin- I hope you find peace in remembering how much he loved you and knowing he's somewhere up there in the heavens telling jokes and laughing without any pain.
