“ *Mrs. Cloak was so good to us Girl Scouts. I have fond memories of her taking us camping, skiing and white water rafting. She always had a smile. Thank you to the family for sharing her with us.*

“ *She was definitely an amazing person. She was a one-of-a-kind person with a beautiful soul. We feel lucky to have crossed paths in this life with her and Al. We met Marg in Florida several years ago. We were next-door neighbours. She had the energy of a teen and the heart of an Angel. She will be missed. “ Obituary

Margaret (aka Mom): As her son people wondered why I call her Margaret!

It horrified many and was puzzling to others yet she remained unphased by it all.

From our vantage point it was simple logic. If you are 1 of 4 all born a year apart and your mom quickly learns to tune out the constant cackling to retain sanity, but is keenly in-tuned to her professional side she will answer to her proper name.

My siblings called it cheating, but we called it innovative maneuvering!

Margaret is the best mom I could ever have hoped for. I never thought once I could every do better. She was a phenomenal teacher, mentor, consoler, cook, and all around best friend.

She assured all 4 of use were living to our potential. Nudging us along as a mother duck would: stern when needed, nurturing when disappointment set in, guiding when lost, and as Catholics imposing a sense of guilt when astray.

In our childhood years she was a stay at home mom when we need her the most. As we grew she identified her own desire to grow as well.

At this juncture, she became a supermom. She started her second career at the bank excelling in her roll as Trust Officer and later VP. All while assuring we got to sporting and astronomy club events without fail.

Dinner was always fresh from scratch and on the table each night with all at the table.

In the summer months, once dinner was done, canning and freezing of vegetables grown in our garden began lasting well into the late night.

She was even known to chase a pig or two when they broke free from their pen. Once being called home from work by the neighbor because the pigs were eating their flowers. I can still see her running through the yard with Uncle Dutch. Her in a yellow dress with a 2 x 4, trying to corral the pigs back into the pen. Needless to say, but we never raise pigs again.

She loved a good day out. The early years center around Sunday drives to historical sights with a focus on what we were learning in school. To the shore on a cold winters day, and in the summer to sit on the beach until the sun went down.

Camping was a favorite pastime. First roughing it in a borrowed Boy Scout tents without a floor up in Prince Edward Island during a nor'easter. Then in a pop-up trailer and later RVing where she and my father drove cross country.

My mother was an adventurer. She climbed mountains, snorkeled and white water raft when she was not a swimmer. Skied the toughest of courses (Black diamond), and sought out the scariest of roller coasters.

She believed in life long learning and continue to learn each and every day. She was a problem solver. She did not let anything stop her.

When the talents that God gave her failed to aid in solving the problems at hand, she always turned to her faith to gain a deeper understanding.

Her faith was tried many times over her life and she remained faithful through all trials and tribulations without once yielding to despair.

Margaret was to me a true gift from God. She is loved and missed!

Mom, Godspeed!

Love David
