Tribute Wall

“ Mike was first, a friend and second my boss for the last 5 years. He had the very uncommon gift of being able to encourage you when you were doing well, but also let you know in what areas there might be a need for improvement. The gift part was that when you we left his office, you always left feeling good about yourself, Wistar Equipment and Mike Wistar... with your dignity and self esteem in tact and ready to take on the world. And he never expected more from any of his people than he asked of himself. It's an overused cliché but, he really did walk the walk. Mike was a good man with a big heart and will be missed very much by all of those lucky enough to have known him.##imported-begin##John Best##imported-end##
