“ When you moved up here from Florida, you gave me your "Bowap" frog that you kept on the dash of your car. I drove with it on my dash until it disappeared sometime after I graduated from seminary. I think about you every time I hear Tom Petty, and the only reason I like Tom Petty as much as I do is because you were a fan. I remember all the hours just hanging out at your house. You were a great friend and even though I haven't seen you in years, I was happy knowing that you were in the world. I will miss you.

“ My heart goes out to Michelle's family and her loved ones. So glad she got to see her granddaughter. Think Michelle was the tiniest of us all. Although my memories are of when we were kids I know she has loved ones who met her in heaven to get a hug again. Prayers to her family for peace, comfort, and love surrounding each of them.

“ *Where do I begin. My mother was hands down the best human being on this plant. She bent over backwards for me, my brother, Courtney, and our new baby Aurora. While she had the strength she always made sure she would be holding little aurora. She finally got the grand daughter she always wanted. She could light up the room with her eyes and smile. Everyone she talked to they always told me how bubbly and happy my mom always was. Even on bad days she's still put on a smile. She loved so hard it was crazy. She always liked taking care of People in need. I could post a list of the amount of being she took care of. She always said she should be a home aid because of how good she was at it. I'm going to miss my mother for the rest of my life. I love her with all my heart and it will never change. Forever going to be your baby boy and you'll forever be my amazing mommy. I love you mommy. Soar high and I know your watching down on all of us.*
