“ It is so sad when through the years we lose touch with people who have influenced our lives. Millie was one such person for me. Sadly, RT just told me about Millie's passing. A great lady who treated me like one of her own. A special person who had no problem with me crashing on her couch and spending an inordinate amount of time at the Gentner home.

Often think about those days that seem so long ago. God bless you Millie. We will all miss your, wit, your smile, and the love you showed us. My thoughts and prayers to the Gentner family.
