“ my brother otto losing my brother truly is a devastating experience otto was my only brother if you would have met my brother you would know he was somebody special we all seen his charismatic and charming personality also his compassion toward anyone who'd needed it or his incredible strength and patient the the few years we spent calling each other we talk about the love he had for family and friends and how he was so happy we all were so close and how much closer to his children we both dreamed about us growing old and both living on a farm and we both laugh because we imagine us both on a funny farm....Im not much of a writer but i do know me and everyone will truly miss my brother otto remington . . your brother jose troche

“ To my brother Otto it took us 24 years to find you and from the first time I spoke to you I felt the love when lwe met eachh other and you were so nevous you turn around in a circle 3 times I was ready to run but I understood it was joy when I heard the news I heart drop I couldn't believe We lost you again but all the times when your heart shined through are the greatest memories I have of you. I will always remember you brother of mine in my heart I will keep you always and forever. Words cannot exprest how much we love you. I thank God for the 5 years he allowed us to enjoy the laughter, the getting to know your beautiful family, the look on our face when we learn we had the same birthday. What we have once enjoyed we will never lose you gave us happiness I thank God .well my brother until we meet again God bless.
