

## Peter Seiler

February 18, 2019

Peter Seiler, age 57, passed away peacefully in his sleep on February 18, 2019. Peter was an adventurous spirit that brought him all over the world. He was everyone's brother, a world traveler with a restless spirit who helped people everywhere he went.

Peter is survived by his parents Ursula and Jal Dinshah and Siegfried Seiler, his brother Mike, his sister Connie, and his son Nardos.

Peter started his life in Germany and immigrated to the USA in the 1980s. Peter was a jack of all trades that made it possible to see much of this country and live in a number of southern states.

About 12 years ago, Peter's uncle left a will requesting that a school be built in Ethiopia. Never one to shy away from a challenge, Peter learned how to do construction of rammed earthbags to baffle the interminable termites. He devoted years of his life traveling back and forth to Ethiopia. On February 26, 2012, the Wolfgang and Ella Seiler school opened. While building the school, Peter made many friends.
