“ *I went through grade school all the way through high school with Robert. He was always such a kind hearted person even as a kid. We were good friends all through school and lost touch after graduating high school. My nephew Earl Hannah was close friends with Robert. I wish I would have stayed in touch with him. We had a lot of good times in school. Rest in peace my friend. God has truly gained another Angel.*

“ To the Murphy Family,
We are saddened to hear of Robert’s passing. He just called me on Wednesday or Thursday to tell me he would be over soon to pick up scrap that we had for him. We will miss him stopping by to chat, and beeping his horn, or yelling out his window as he drove passed the house. We will always remember him for his kindness and friendliness and his love for animals. He was so happy when I gave him Bradley, and would update me on how he was doing. Our thoughts and prayers to all of you as you go through this difficult time. RIP Robert, we are going to miss you!💔😭

“ Robert Murphy, you were such a kind soul. The first to help anyone. You had a harem of women that you made feel so special every time you saw them, telling them they are beautiful. You kept all the husbands on their toes with you competing for their women. Lol You made us laugh. I can only pray that you know how loved you were by our community, and friends that hold your memory close to their hearts. We will miss you. I know my dad, Bucky, and Lucky were all waiting for you. Please give them hugs from all of us here that miss them. ❤️

“ Murph gave a handful of us unruly teens our first jobs working in the fields picking pickles & cantaloupes amongst other market goods. From then on out we dubbed him “Pickles”. And it stuck. He also referred to me and my brother as his two big brothers. We all sure will miss the Murph Man a.k.a. “Pickles”. Rest in Paradise my brother from another mother !!!

“ *Robert very often helped with projects at Friendship Church where his grandmother attended. He would pick up the phone for a chat or text checking on things. He loved his animals so much tending to “beautiful kitties” , Bradley the goat and often hand feeding piglets. Bucky and Robert were always up to something and are probably at it together again. I just scrolled through our text messages and laughed out loud. We miss you already Robert and that will only grow.*

“ *Sometimes we don't know why things happen the way they do, but rest assured that the right people are brought into your life at the right time, and Robert was always there to help or share a memory of past time. He will surely be missed by us and everyone that knew him. Our thoughts and prayers are with the family and we will never forget Robert. Terry and Carl DeRose*
